

Flexi Freeze products are really cool and easy to use. Keep your Flexi Freeze product in the freezer and it will always be ready when you are. Flexi Freeze products can stay in your freezer as long as you like. Just remember to return your Flexi Freeze product back to the freezer after use so that it's ready when you need it.

Flexi Freeze coolers have been designed to fold flat. Unzip the top and bottom zippers and tuck in the lids. Your cooler is ready to go into the freezer.

When you're ready to use the cooler, simply take it out of the freezer and zip the bottom closed and you're ready to fill it with only the things you want. No need to add ice, it's built in!

Flexi Freeze coolers should be cleaned with a damp soapy cloth.

If you have additional questions regarding the use of your Flexi Freeze product, please contact our customer service. custsvc@marandaenterprises.com
